Please help with our

Survey of CoG Young People

Please answer these questions about young people ages 16 to 25 whom you know (self if applicable) who attended a Church of God group in your area for at least two of the last five years. Please think of **all** those you know well—even those who may have dropped out several years ago; thinking of only current or “successful” ones will bias the results. It would be helpful to work together as a group and submit one form for a congregation, avoiding duplicates, but we would rather have several individual responses than none. If the answers to some questions are unknown, please use one of the following methods: 1) ask and find out, 2) estimate if you have a good idea, or 3) simply write DK (don't know) in the space. If you have more than 10 people to include in the survey, please make extra copies of this form. The results of this survey will be honestly tabulated and published, both here and in *The Journal*.

“CoG”, below, means any Church of God group, either a multi-congregation corporate group or a non-aligned congregation.
